

„My city and the river” - educational visit

The Pupils' Council of the “Water Saviours” project, visited the Ustka Museum to learn more about the history of our town. The visit was enriched by a lecture by Mr Józef Jaskuła from the Association of Friends of Ustka, who talked about how the Ślupia River and the Baltic Sea shaped the local population . That beautiful history lesson inspired the project participants to take part in the short story competition entitled: ‘A love story in time - my city and water’.
